Tariff name: Co-op Sunshine and Fix Apr 2018 v2 tariff ("Tariff").
Additional tariff terms and conditions ("Tariff Terms")

1. These additional terms and conditions are in addition to (and do not replace) the Co-operative Energy: General Terms and Conditions for Domestic Customers (the "General Terms"). However, if there is any conflict between these Tariff Terms and the General Terms, these Tariff Terms will take precedence.

2. Words and expressions defined in the General Terms have the same meaning where used in these Tariff Terms.

3. The Tariff is subject to availability and may be withdrawn at any time. The Tariff will not apply to the supply of energy to the address unless and until:
   a) you have requested this Tariff;
   b) we have agreed to supply you on this basis and,
   c) if you are transferring from another supplier; we have become registered as the supplier of energy to the address.

4. In order to take up and remain on the Tariff, you must:
   a) pay for our Charges by monthly Direct Debit;
   b) sign up to dual fuel services (Gas and Electricity) or Electricity only.
   c) be a domestic customer for the supply of dual fuel services (Gas and Electricity) or Electricity only from Co-operative Energy;
   d) have an electricity meter which is either a single, Smart or two Economy 7 meters (Smart functionality not supported with this Tariff).

5. Under the Tariff, the unit price you pay for the supply of energy to the address and any normal standing charges will, subject to paragraphs 9, 10 and 11 below, remain unchanged from the 16 February 2017 to 30 April 2018.

6. Prices and other information relating to the Tariff are set out in the Tariff Information Labels available at Our Products Page/Co-Operative Energy. These prices vary according to the area of the address and the type of meter you have and may change if your area or meter type changes.

7. We will honour the prices fixed under the Tariff unless prevented from doing so by the actions or requirements of any governmental or regulatory authority. As VAT is added to our Charges, any increase (or decrease) in the rate of VAT will also change the amount you pay.

8. You may cancel the Tariff and/or change supplier without incurring a cancellation charge if you request to leave or switch to another provider on or within 49 days before your fixed term supply contract end date (See Clause 5). If before 12 March 2018 you change your Tariff or supplier for gas and electricity only we may apply a Termination Fee of £30 per fuel. You agree to make payment for any Termination Fee and agree that any Termination Fee can be made via Direct Debit.
